

## Appleton Wiske's 20/20 Vision

1 September 2019

Dear Friends and Neighbours,

We are writing to seek your views and opinions about a village event in the Summer of 2020, next year. There are 2 key issues to decide:

1. The nature of the Event/Occasion/Festival
2. The valuable support that such a venture can offer to village organisations and charities.

You will be aware that, for a number of reasons, we were unable to hold the Scarecrow Festival this year. However we believe that there is scope and opportunity for an event next year.

We would be grateful if you would use the questionnaire attached to this letter to indicate your suggestions that will be considered.

Ideas might include a Village Festival, a musical event, a sports day with BBQ, a children's play day, a beer festival etc. Please add your ideas to the list! We would also ask you to indicate how you might be able to support the event.

Appleton Wiske's 20/20 Vision

There are a number of excellent organisations and charities in the village that need the support of the community. Please indicate those that you believe worthy to receive any funds raised.

Once we have received the replies we shall invite representatives from the organisations you have identified to meet and consider the way ahead and decide how to use any funds that we raise to support village actives.

Please complete the Survey and return it to the Post Office by the 16<sup>th</sup> of September.

We really hope that you can help form:

Appleton Wiske's: 20/20 Vision

Thank you, in advance, for your interest and replies.

Names: .....

Contact details: .....

1. Ideas for the format, and scope of the Event:
